

Premiere PSE-MC2

PSE-MC2 Replacement Water Filter

The Premiere PSE-MC2 fits just like the Everpure® MC2 replacement water filter cartridge. It has an impressive 29,000 gallon capacity which is over 3x the gallon capacity compared to the Everpure original. It removes up to 99.99% of contaminants as small as 0.5 micron including lead, sediment, chlorine, cysts, and other contaminants to ensure the cleanest, best-tasting water possible. Delivers outstanding filtration for food service, fountain beverage, and combination systems.

Features

Commercial Grade Filtration

- ✓ 29,000 gallon filter life with no drop in water quality. (The Everpure MC2 replacement cartridge has a lower capacity of 9,000 gallons)
- ✓ The stainless steel canister resists corrosion and protects the filter system from bursting or splitting
- ✓ No bacteria growth on the filter media (bacteria growth can decrease product life)

Great Tasting Water

- ✓ Improves the taste of fountain beverages and helps retain the drink's carbonation
- ✓ Keeps the vital minerals found naturally in water
- ✓ 0.5 Micron compressed coconut shell carbon cartridge reduces offensive contaminants, as well as chlorine taste and odor that can adversely affect the taste of beverages

Added Benefits

- ✓ Tested to NSF Standard 42 and 53
- ✓ No activation required
- ✓ Quick, easy, and sanitary installation

Specifications

Micron Rating	0.5
Flow rate	2.1 gallons per minute
Capacity	29,000 gallons
Size	16.5" (end to tip)

Substance Reduction

- ❖ Algae
- ❖ Chlorine
- ❖ Chloramine
- ❖ Cloudiness
- ❖ Cysts
- ❖ Cryptosporidium
- ❖ Dirt
- ❖ Giardia
- ❖ Lead
- ❖ Manganese
- ❖ Mold
- ❖ MTBE (methyl tertiary butyl ether)
- ❖ Oxidized iron
- ❖ Sediment
- ❖ Sulphides
- ❖ THMs (trihalomethanes)
- ❖ VOCs (volatile organic chemicals)
- ❖ And more!
